UPDATE

PowerPAC Manager's Memo

Thank you very much to everyone who has contributed so far in 2017 (please see the list of donors on the next page). With your help, PowerPAC is able to support many candidates and committees, on both sides of the aisle, that champion issues crucial to public power professionals. Support for PowerPAC is support for the Association's efforts to advocate for public power here in Washington, D.C.

If you have not donated to PowerPAC this year, it is not too late. Please contact me with any questions or comments you may have. On behalf of PowerPAC, I thank you again for your support so far this year.
